MANAGER'S REPORT

Board of Selectmen and
Citizens of Newport
Newport, New Hampshire

Gentlemen:

It is my privilege to present to you the Annual Report for the Town of Newport, accompanied by the Annual School Report of the Newport School System.

1966 was again a year of very definite progress in several important fields, as follows:

1. Plans for an overall project for improvements to the Newport Water System were nearing completion. These plans include additional water supply, storage tank, and improvement to the water distribution system, plus metering of all water users. Federal matching funds totaling \$378,500 have been approved by the Federal Government.

2. Work was started and is well along on final plans and specifications for sewage facilities for the Town of Newport. A Special Article is appearing in the 1967 Warrant requesting authority to raise funds for this project. This includes Federal and State funds as well as funds from the Town of Newport.

3. Plans for a small Watershed Project, primarily for flood control on the Sugar River, were nearing completion.

4. All taxable real estate in the Town of Newport was reappraised and assessed at 100% valuation by the N. H. State Tax Commission.

5. Many Committees have been appointed by the Board of Selectmen and have contributed greatly in studying problems of local interest, and making appropriate recommendations in connection therewith. I wish to thank all members of these various Committees for their many hours of arduous work, which they have contributed. In particular the following should be mentioned:

- (a) Newport Planning Board
- (b) Zoning Board of Adjustment
- (c) Recreation Study Committee
- (d) Municipal Study Committee
- (e) Municipal Charter Committee
- (f) Tree Committee
- (g) Conservation Commission
- (h) Airport Commission

Last but not least, I would like to thank the Board of Selectmen for the support which it has rendered to me as Town Manager throughout the year. Without this support the many accomplishments in 1966 would not have been possible.

Respectfully submitted,

ALVIN A. HEIDNER

Town Manager

TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Newport, qualified to vote on Town Affairs:

You are hereby notified and warned to meet at the Town Hall in said Town of Newport on the second Tuesday of March next at nine o'clock in the forenoon to act upon the following subjects:

ARTICLE 1. To elect a Selectman for a term of three years; to elect a Town Treasurer; and a Town Clerk for the ensuing year.

ARTICLE 2. To elect a member of the Trust Fund Commission for three years and all other officers, Auditors, Agents and Committees necessary for the Town Business.

ARTICLE 3. To see if the Town will vote to revoke the adoption of the Town Manager plan, as prescribed in the Revised Laws of the State of New Hampshire, Chapter 37 as amended.

ARTICLE 4. To see if the Town will vote to elect a Trustee to the Board of Trustees of Richards Free Library for a term of three years.

ARTICLE 5. To see if the Town will vote to authorize the Selectmen to employ State Auditors to inspect and audit the books of the Town and its departments for the ensuing year and to pass any vote in relation thereto.

ARTICLE 6. To hear the reports of Selectmen, Town Treasurer, Auditors and Committees heretofore chosen and pass any vote in relation thereto.

ARTICLE 7. To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow money on the notes of the Town in anticipation of taxes and pass any vote in relation thereto.

ARTICLE 8. To see what discount the Town will vote to allow on 1967 taxes if paid within ten days of the posting of the Tax Invoice.

ARTICLE 9. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds or in any other manner.

ARTICLE 10. To see if the Town will vote to approve and adopt the recommendations of the Budget Committee, raise and appropriate the various sums contained in the report and listed in the Budget which include the following recommended special appropriations:

(A) To see if the Town will raise and appropriate the sum of \$6,346.00 as part and final payment to the New Hampshire Tax Commission for the appraisal of all taxable property in the Town in 1966.

(B) To see if the Town will appropriate the sum of \$100,000 or some other sum for the purpose of expanding and improving the water system of the Town as authorized under Article 8-E of the warrant for the 1966 town meeting, and determine how any such appropriation shall be raised, whether by taxation, transfer of available funds or borrowing and, if by borrowing, to authorize the issuance of bonds or notes of the Town and to take such other and further action in connection with the foregoing matters or any of them as may be determined upon.

(C) To see if the Town will (1) authorize the expansion and improvement of the sewerage system, including lateral and intercepting sewers, sewage pumping stations and sewage disposal facilities, (2) appropriate a sum of money not to exceed \$900,000.00 in addition to any federal funds available therefor, (3) determine how such appropriation shall be raised, by taxation, transfer of available funds or borrowing, and if by borrowing, to authorize the issuance of bonds or notes of the town, and (4) take such other and further action in connection with or incidental to the foregoing matters or any of them as may be determined upon.

(D) To see if the Town will raise and appropriate the sum of \$10,000.00 for the purpose of obtaining of easements and rights of way for the construction of the Newport sewage project referred to in Article 8-C.

(E) To see if the Town will vote to establish a committee of five, to be appointed by the moderator, to study with the Board of Selectmen the feasibility of using the area presently occupied by the Primary School, Grange Hall and present Town Office Building for a municipal office building and parking area and to make its report no later than January 1, 1968, and to raise and appropriate the sum of Two Thousand Dollars for the service of an architect or engineer to assist said committee. (Funds not recommended by the Budget Committee.)

(F) To see if the Town will authorize the Board of Selectmen to negotiate for the rental of the Citizens Bank Building to be used for municipal office purpose under such terms that are in the best interest of the Town, and raise and appropriate the sum of \$2,400.00 for this purpose.

(G) To see if the Town will vote to authorize the establishment of a permanent year-round recreational program for the Town of Newport, to include the services of a full-time Director and to raise and appropriate the sum of \$12,800.00 to support this program.

(H) To see if the Town will vote to authorize the Selectmen to negotiate with the State of New Hampshire for the purchase of the State Armory building, located on Belknap Avenue in Newport, and to raise and appropriate the sum of \$5,000.00 to be used for this purpose.

(I) To see if the Town will vote to appropriate a sum not exceeding \$2,000.00 to be used to start improving the Common by filling with loam and properly grading and seeding to form a crown between Park and Main Streets starting from the Information Booth area.

ARTICLE 11. To see if the Town will vote to authorize the Moderator to appoint a committee of seven (7) persons to study the need for, and desirability of a Veteran's Memorial and to make known their findings to the 1968 Annual Town Meeting in the form of a report, or an Article in the Warrant if affirmative action is recommended by said committee.

ARTICLE 12. To see if the Town will vote to convey to Norman B. Glazier and Elaine J. Glazier a certain tract of land owned by the Town adjoining land owned by said Glaziers and being a portion of the premises as conveyed to the Town by a deed dated June 26, 1961 and recorded in the Sullivan County Registry of Deeds, Vol. 425, Page 305, and being approximately 145 feet by 66 feet, in consideration of the said Glaziers conveying to the Town a tract of land adjoining the Sugar River and have a frontage of approximately 250 feet on said river, and to authorize the Selectmen to execute such deed on behalf of the Town.

ARTICLE 13. To transact any other business which may legally come before said meeting. (Polls shall be open for the reception of ballots at 9:30 A.M. and shall not be closed earlier than 7:00 P.M.)

Given under our hands and seal at Newport, New Hampshire, this 15th day of February, 1967.

JAMES A. MALEY

** Submitted without recommendation of Budget Committee. This sum not included in column's total.

POLICE DEPARTMENT

During 1966 one additional full-time patrolman was added to our regular Police Department. This now brings the full complement of Police Officers including the Chief to seven (7). This gives us added coverage and better all around protection.

We continue to utilize the second car normally assigned to the Town Nurse, for Police Department work on weekends. This has proven to be very helpful and we will continue this plan.

The operation of the Department appears to be normal with the possible exception that there was a considerable falling off of arrests for motor vehicle violations by the State Police. This resulted in a reduction in our estimated revenue for the District Court located in Newport. It is impossible to state whether this reduction indicates a decrease in actual motor vehicle violations or whether the State Police were engaged in other more important matters.

The following are comparative statistics for 1965 and 1966:

	1965	1966
Complaints Received	1,668	1,598
Traffic accidents investigated	187	171
Persons injured in traffic accidents	32	21
Doors and windows found unlocked	228	469
Persons accepted for night lodging	30	50
Street lights found out and reported	245	171
Lost property recovered & returned to owners	\$ 406	\$ 407
Stolen property recovered & returned to owners	\$15,080	\$15,007
Prisoners taken to House of Correction in Unity	14	5
Emergency messages delivered	92	67
Bank Escorts	123	136
Persons taken to State Hospital in Concord	2	1
Persons held for other departments	36	27
Bicycles registered	301	276
Juveniles investigated	31	26
Juveniles prosecuted	28	17
Miles traveled in cruiser	48,385	56,049
Accident deaths	2	3

FIRE DEPARTMENT

To the Board of Selectmen, Town Manager,
and Citizens of Newport:

A program to improve the fire department was started early this year after the N. H. Board of Underwriters made an inspection and many recommendations. Those complied with to date are:

1. Purchase of a portable turret gun,
2. Institution of a systematic training program and appointment of Capt. Arthur Gokas as drillmaster,
3. Installation of an additional telephone at the stationhouse,
4. Periodic testing of all equipment,
5. Improvement of records and filing systems.

Fire officials in cooperation with town officials have also been trying to comply with another important recommendation, retirement of the obsolete ladder truck and replacement with an aerial ladder truck. Letters have been written to other fire departments in an effort to secure a second hand aerial ladder.

The department answered 98 calls in 1966. There were 10 bell alarms, 80 still alarms, two out-of-town calls, one false alarm, one military call and two calls each for forest fires and rescue operations.

Estimated insured loss was low.

Several repair jobs were completed at the station this year. The outside trim was painted, worn hall floors and stairs were replaced and new toilet and shower facilities were installed.

On behalf of the department, I wish to thank town officials, police and all citizens for cooperation and support; a local concern for a generous contribution to the department's relief fund and property owners for their awareness of fire hazards and their willingness to correct them. I also thank the men of the department for their efficiency and for keeping equipment in order, both important factors in our efforts to keep insured loss at a minimum.

Respectfully submitted,

EDWARD J. KARR, Chief
Newport Fire Dept.

WATER AND SEWER DEPARTMENT

WATER

The following is a list of major construction projects completed in 1966:

- 210 ft. of 1" copper — Mechanic Street
- 275 ft. of 1" copper — Summer Street
- 1800 ft. of 8" pipe — Karlene Street
- 400 ft. of 4" pipe — Short Street
- 6" C. I. Sprinkler service at Brampton Mill
- 6" C. I. Sprinkler service at Pine Tree Castings
- 6" C. I. Sprinkler service at Dixon's

Additional work performed:

- 34 New Water Services
- 18 Water Services Replaced
- 4 New Hydrants
- 18 Hydrants Repaired
- 5 Main Water Leaks Repaired
- 5 Frozen Pipes Thawed
- 14 Leaks on House Services Repaired

The final plans and specifications for our overall water improvement project are nearly completed. These plans will include a new gravel packed well in the Pollards Mills area, a new 2½ million gallon standpipe on Summer Street Ext., certain repair work at the gatehouse at Gilman Pond, and additional standby chlorination facilities at the chlorinator house. In addition to this, these plans will include the installation of a great deal of larger water mains, plus new hydrants and meters throughout the entire system. A grant of \$378,500 toward this project has been approved by the Federal Government. It was determined in conference with Federal Government representatives in 1966 that water meters did not qualify for supporting funds. Therefore, it is necessary to request the citizens of Newport to approve the issuance of \$100,000 in bonds to include the installation of the meters, as well as to take care of certain additional construction costs which have taken place since the original estimates were made several years ago.

This project is expected to begin in 1967, and to be completed in 1968. The entire project will be paid for out of income from water users.

SEWER

The following is a list of work done by the Sewer Department during 1966:

- 28 Sewer Mains Plugged & Cleaned
- 42 Private Sewers Plugged & Cleaned
- 4 Sewer Manholes Rebuilt
- 3 New Sewer Manholes
- 4 New Sewer Lines Private
- 1 New Main Sewer Line

The above list shows an increase of work in this Department, made possible due to the fact that the power equipment which we now have allows us to take on jobs when private sewers become plugged. Naturally when work is done on private sewer lines, the Town is reimbursed. We are very glad to be able to offer this additional service, and will continue to do so.

We are proceeding to install new sewer manholes wherever it becomes apparent they are needed, so we can take care of our sewer mains with our power equipment with a minimum of delay.

The status of the overall sewer and sewage treatment project for the Town of Newport is as follows:

1. Final plans and specifications should be ready in the spring of 1967.
2. A Special Article appears in the 1967 Warrant requesting authority for the Board of Selectmen to issue bonds to raise the necessary funds to support this project.
3. It is hoped that matching State and Federal funds can be received on this project, so that actual construction can begin in 1968.

CEMETERY DEPARTMENT

During 1966 we continued our efforts to upgrade the lawns in Pine Grove and North Newport Cemeteries. We will continue this program each year, in the hopes of gradually improving this condition.

We have begun filling in the low area in Pine Grove Cemetery, and expect to have this work completed in 1967.

A project is now under way to prepare permanent maps for all of our cemeteries, and to have these done according to a uniform method.

It has been necessary just recently to increase the rates in the cemeteries, due to added costs which have been developing over a period of several years. The sale of single lots has been increased from \$35.00 to \$50.00 per lot, and the cost of opening and closing a single grave has been increased from \$35.00 to \$50.00 per grave.

There were 81 burials in Newport in 1966.

Pine Grove	39
St. Patrick's	26
North Newport	12
Maple Street	4

HIGHWAY DEPARTMENT

In most every respect the Highway Department operations in 1966 could be considered normal. The usual spring calcium chloride treatment was carried out on outlying graveled roads. This program which was started several years ago, has been continued on a yearly basis.

The following roads received a sealcoat in 1966:

Kelleyville River Road
Oak Street — From bridge to North Newport
Pine Street — From Claremont Hill to Oak Street
Bradford Road — Nearly entire length
East Mountain & Maple Street — From Cross St. to end of
East Mountain
Birchwood Grove — All roads
Old Goshen Road
Pike Hill Road
Whitcher Road
Pollards Mill Road
Roads in the northeastern section of Town

The following are culvert installations which were made in 1966:

Guy Cross Road	20 feet
Whitcher Road	30 feet
Birchwood Grove	160 feet
Harding Road	40 feet
Chandlers Mill	100 feet
Brook Road	40 feet
Cutts Road	20 feet
Rear of Texaco Station	120 feet

Approximately one mile of road received an initial blacktop treatment in the Birchwood Grove area.

Two bridges were replanked, one located in Paradise and the other in North Newport.

The so-called Pollards Mills Bridge, which was damaged by a milk truck, has been completely replaced with a steel bridge having a ten-ton capacity. The cost to the Town in the case of this bridge was nothing, as the entire bill was paid by the insurance company.

There was some work done on sidewalks, but unfortunately we did not get very far on this program. It is anticipated that our sidewalks will receive top priority in 1967.

PUBLIC HEALTH NURSE

To the Town Manager, Board of Selectmen,
and the People of the Town of Newport:

The duties of the Town Nurse ran smoothly for the first six months of 1966, then on July 1, this phase of Town work came to an end.

Calls made were as follows:

Medical	654
Social Service	100
Pre-Natal	6
Newborn	6
Fees collected	\$372.00

At this time may I extend a sincere thanks to all who made my work so pleasant.

Respectively submitted,

MARGARET E. GRANTHAM, R.N.

On July 1, 1966 the Federal Medicare Program became operational. Since the majority of the individuals on whom the Town Nurse had been calling were eligible under the Medicare Program, it was considered advisable to turn the nurse's work over to the Newport Home-Health Agency, which operates out of the Newport Hospital. In actual operation, it meant that the individual who had been doing the work as Town Nurse continued to do the work, except that she operated from the Hospital instead of directly from the Town.

NEWPORT HOSPITAL REPORT

Last year was a very busy year for the Newport Hospital with the advent of Medicare. The hospital was one of the first to receive Certification from the Social Security Administration and was ready to receive Medicare patients when it became effective on July 1. Medicare was expected to present many problems such as unnecessary admission, prolonged length of stays and additional paper work. Paper work did increase as expected, but due to the excellent work of the "Utilization Review Committee" admissions and length of stay remained about the same. Medicare patients accounting for 30% of the total admissions and 54% of the total patient days, and having an average length of stay of only 11 days as compared to an over-all average of 6.3 days.

During November, 1966, the hospital was surveyed by the "Joint Commissions of Accreditation of Hospitals" and received accreditation for another three years.

In December, the Board of Trustees contracted with Mr. William S. Brines, Hospital Consultant, to make a study of the hospital, Mr. Brines found no major deficiencies, but made many fine recommendations which are being considered by Board of Trustees.

As in the past the Hospital Aid continued their fine work of providing linens and needed equipment with the addition of instruments for the Operating Room, complete lighting systems for the Outpatient and Operating rooms and typewriters and adding machines for the office.

Patient statistics were as follows:

Patient days	6,810
Admissions	1,070
Births	138
Operations	882
X-ray exams	2,491
Laboratory exams	12,799
Out-patients treated	4,637

Respectfully submitted,

LIBRARY REPORT

Statistics, though they may not tell the whole story, are still the best indication we can have of a library's service to a community. At the Richards Library, card holders re-registered during 1967 totalled 1,657; when registration of borrowers was last undertaken 11 years ago, it took 23 months to reach the total now reached in 12 months. 39,379 books were borrowed in 1966: 278 more than in 1965, and 36% more than five years ago, the library's last year in the old building. The use of microfilms, the number of recordings circulated, and the number of reference questions researched were also higher than ever before.

As usual, it has been the library's aim to provide the best possible cooperation with and support to the schools. The library participated in the Head Start Project; first-graders heard stories and learned to become borrowers; primary building pupils borrowed books to take back to their classrooms; ninth-graders studying a library unit were given a special talk on use of the library; and three movie programs with brief book talks were arranged for the Towle Honor Society. As in previous years, junior high and high school students made great use of the library in connection with their school work, as they undoubtedly will continue to do in the future outside school hours.

The library was in 1967 the scene of a series of art exhibits held during the spring and summer months; a series of three philosophical lectures sponsored by the Unitarian-Universalist Society; a series of book talks by Marian Rudkin, sponsored by the Friends of the Richards Library (who also sponsored the Summer Reading-for-Fun Contest and the annual Sarah Josepha Hale Award presentation and lecture.) A community calendar has been placed in the library, and various community organizations have used the library for meetings.

During the year, a regular program of book reviews presented by the librarian and the trustees was initiated at radio station WCNL. Books were delivered regularly to shut-ins, and special books of large type provided for those with poor sight.

The library continues to benefit by its active participation in the New Hampshire Library Development Program. The trustees and staff wish to express their gratitude to individuals, businesses, and organizations who have contributed financially and otherwise to the work of the library during the past year.

Librarian

CIVIL DEFENSE

A busy and progressive year was had by the Newport Civil Defense Program during the year of 1966.

The local organization began working on the P & A Matching Funds Program in June and much has been accomplished with records and information bulletins in the EOC. The above includes part-time office help that assembled and filed the many bulletins which are received by the Director.

The Ambulance again attended the local football games as an emergency vehicle.

During the blackout in the Newport area, in the late fall, the generator in the Town Hall basement operated for three hours, furnishing power to the town offices and the EOC. A large flood-light was set up and run from a portable generator on Main Street during the same blackout.

The Auxiliary Police held many practice sessions on the C.D. Range and, in the fall, participated in the state-wide Civil Defense Shooting Match in Littleton. A very good showing was made by the local officers.

Several communication tests were conducted in connection with the State and National Nets and were classified as very successful.

Beginning in September, two courses were held in cooperation with the State Civil Defense Agency and the State Board of Education. One course was the standard 16 hour Radiological Monitoring Training Course which qualified 10 persons as monitors and made Newport eligible for complete monitoring kits which have been received. The second course was a 12 hour adult Personal and Family Survival Course which taught a general knowledge of what to do in an emergency.

Several new members were recruited in the various Civil Defense units.

Surplus property was acquired for several of the town departments.

It is felt that Civil Defense in Newport has gained much during the past year and that plans which have been projected will further strengthen the organization as time passes.

Deputies

PLANNING BOARD REPORT

The membership of the Newport Planning Board is as follows:

Raymond L. Barrett, Chairman

Patrick Zullo

George Dorr, Secretary

Soterios Saggiotes

The Newport Planning Board did not hold many meetings during 1966. One member of the Board, who had acted as Secretary, left our area for Connecticut, thereby reducing the active membership. The recommended replacement to fill this vacancy will not be available to serve until the spring of 1967.

When the full membership has been reconstituted, the Planning Board will again undertake regular meetings, and items which should receive top priority for their consideration are a building code for the Town of Newport, and a set of sub-division control regulations.

The Board has met during 1966 to consider certain items which have been presented to the Town from time to time, and have submitted appropriate recommendations in such cases.

TREE COMMITTEE

A Tree Committee was appointed by the Board of Selectmen in 1963 for the purpose of studying the situation concerning trees, primarily around the Town Common, and to make recommendations to the Board of Selectmen thereon. This Committee presently consists of the following:

Raymond Holden, Chairman

Oliver Kathan

Toivo White

Lawrence Whitney

Harry Woodard

In a report recently submitted to the Board of Selectmen, the Tree Committee recommends the following:

1. A Tree Warden be appointed.
2. The Town appropriate \$1,600 per year for tree care, pruning, etc.
3. A program of tree replacement be worked out.
4. A program of cooperation with the private property owner concerning tree care be initiated.

In principle the Board of Selectmen has accepted the Tree Committee's recommendations. Funds have been included in the 1967 budget as recommended by the Committee. This has been the practice over the past several years. A Special Article appears in the 1967 Warrant for the appropriation of \$2,000 to begin a program of building up the grass on the Newport Common. The recommendation of the Committee concerning a Tree Warden is still under consideration, and will receive the attention of the Board of Selectmen in the near future.

BOARD OF ADJUSTMENT

The membership of the Zoning Board of Adjustment is as follows:

Bernard P. Towne, Chairman
Virginia M. Krauss, Secretary

Andrew Williams
John Boyle

Cleon Johnson

Andrew Williams was reappointed by the Selectmen to a five year term. Bernard P. Towne was elected Chairman and Virginia M. Krauss Secretary. The board held 10 meetings during 1966 and acted on nine appeals.

The request by Home Owners Association of Newport for a Special Exception to build a fraternal hall for the use of the Knights of Columbus on Maple Street was granted.

The request for a variance by Charles LaPierre to build a 30 x 40 commercial garage on Bradford Road was denied.

The request by Oliver Kemp for a variance to build a home on an undersized lot on Unity Road was granted.

The request for a variance by Cecil Page to build a garage on property located on Second Street was granted, because of peculiar characteristics of the land as to shape and topography.

The request by Ed Narus for a variance to expand his business to sell household furniture in property located on Belknap Avenue was denied.

The request by Mark Heath for a variance in the single family residential zone to sell feed and grain on property located at 129 Oak Street was denied.

The request by Mark Heath for a variance in the rural zone to sell feed and grain on property located on Pollard's Mills Road was granted.

The request by Newport Mobile Homes for a variance in the rural zone to sell mobile homes and supplies and service on property located on Route 11 in Kelleyville was granted.

The request for a Special Exception by the Advent Christian Church on North Main Street for approval of earth removal was granted.

The request by Patten's Enterprises, Inc., for a variance to build an addition on their new garage to accommodate an auto frame machine which could not be put in the old garage because of the town sewer line running under it, was granted.

Respectfully submitted,

BERNARD P. TOWNE
Chairman

RECREATION STUDY COMMITTEE

Late in 1965, a Committee was appointed by the Board of Selectmen to investigate the need for a recreation program for the Town of Newport, to include personnel requirements, and also physical facilities as necessary. The Committee consists of the following individuals:

George A. Dorr Jr., Chairman	Harold Campbell
Louis Thompson, Secretary	Edward DeCourcy
Mrs. Alfred Hague	John C. McCrillis
Mrs. Stanley Terhune	Robert Onnela
Mrs. Robert Underhill	Harry Wasasier (resigned)
Robert Bates	Joseph Willett (deceased)

The Committee has worked long and hard during 1966 in developing background information necessary for this study. They have visited several other communities in the State of New Hampshire, where successful recreation programs are now being conducted. They have considered in detail all of the various activities presently in operation in Newport. This includes activities of all types for all individuals, both young and old. The Committee also investigated the various physical facilities available in Newport at the present time. In the final report which this Committee submitted to the Board of Selectmen in January of 1967, the following recommendations were made:

A Program

The Study Committee unanimously recommends that a formal and public recreation program be instituted by the municipal government.

This program should be financed by local tax revenues and such other funds, including endowments, as may become available.

A public recreation program is urged to help coordinate present activities, programs and facilities for maximum benefit to all citizens.

This program is needed:

1. to minimize the competition for facilities, for leadership for finances;
2. to expand recreational opportunities to Newporters of all ages and interests;
3. to provide continuity of programs and to develop and to coordinate leadership.
4. to provide responsible administration and development of community recreational resources.

Leadership

The Study Committee urges the hiring of a full-time, professional recreation director for Newport.

Professional leadership is the prime ingredient in a recreational program. This leadership is needed to bring about the blend of individuals, talents, desires and facilities for maximum benefit to Newport.

Leader Assistance

We recommend that Selectmen appoint a seven-member Recreation Commission to serve in an advisory capacity to municipal officials and the recreation director in the development of a recreation program for Newport.

Facilities

In conjunction with a professional recreation director and a recreation program, we feel the town needs increased facilities for this purpose.

During the development of the program, we recommend that the town continue to make available meeting rooms and larger areas suitable for physical activities.

The Board of Selectmen has accepted the above recommendations, and a Special Article appears in the 1967 Warrant requesting the sum of \$12,000 for the year 1967 to support a recreation program. There is also a Special Article requesting funds in the sum of \$5,000 to be used toward the purchase of the National Guard Armory located on Belknap Avenue. If this building can be purchased at a reasonable cost, it is conceivable that a part or all of the building could be utilized in connection with a recreation program.

MUNICIPAL GOVERNMENT STUDY COMMITTEE

AND THE CHARTER COMMISSION

On May 24, 1966, the Board of Selectmen appointed the following members to constitute a Municipal Study Committee:

H. Newcomb Eldredge, Chairman

George Catsam

Jean Claggett

John DeMayo

Albert J. Gauthier

Stanley B. Terhune

William F. Tracey

After months of detailed investigation and careful consideration the Committee recommended the Town Council-Manager form with the built-in protection of the continuing Town Meeting in a weakened form, and the provision that within five years the Town Meeting can abolish itself by referendum vote.

On November 15, 1966, the Board of Selectmen appointed a Charter Commission composed of Oliver H. Cowles, H. Newcomb Eldredge, John C. Fairbanks, Stanley B. Terhune, Chairman, and William F. Tracey. The Commission was directed to draft a proposed charter, based upon the Municipal Study Committee's report by January 1, 1967.

By the designated date, the Charter Committee presented its proposed Charter with the suggestion that it be reviewed and checked by the Town Counsel and/or the Attorney General, before presenting it to the State Legislature and the voters of the Town of Newport.

As more time is required for checking the legal aspects of the Charter and as administrative procedures being followed by the General Court were changed in this 1967 Session, further action on the Charter was precluded.

It is hoped that during the next two years, the proposed Charter will be reviewed and readied for presentation to both the State Legislature and the voters of the Town of Newport.

STATE TAX COMMISSION
Concord, New Hampshire**

SUMMARY OF FINDINGS AND RECOMMENDATIONS

February 28, 1967

Board of Selectmen
Newport, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Town of Newport for the fiscal year ended December 31, 1966, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Water and Sewer Departments, Trustees of Trust Funds and District Court.

FINANCIAL STATEMENTS

Comparative Balance Sheets: December 31, 1965 - December 31, 1966:
(Exhibit A-1)

Comparative Balance Sheets as of December 31, 1965 and December 31, 1966, are presented in Exhibit A-1. As indicated therein the Net Debt decreased by \$45,261.44 in 1966.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Decrease in Net Debt

Net Budget Surplus	\$29,704.15
Long Term Notes Paid	6,800.00
Bonds Retired	8,000.00
Tax Collector's Excess Credits	116.72
Parking Meter Liability Paid	640.57
	<hr/>
	\$45,261.44

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 & A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1966, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a revenue surplus of \$27,563.45, plus a net unexpended balance of appropriations of \$2,140.70, resulted in a net budget surplus of \$29,704.15.

Summary Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1966, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1966, is indicated in Exhibit B-2.

District Court: (Exhibit E)

A statement of the accounts of the District Court for the fiscal year is included in Exhibit E.

Water and Sewer Department Accounts Receivable: (Exhibit F)

A summary statement of the Water and Sewer Departments accounts receivable is included in Exhibit F.

Statement of Long Term Indebtedness: (Exhibit H)

A statement of outstanding long term indebtedness as of December 31, 1966, showing annual debt service requirements, is contained in Exhibit H.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. Accounts receivable of the Water and Sewer Departments were also verified by sending notices to persons whose names appeared on the delinquent lists. The amounts of uncollected and unredeemed taxes and Water and Sewer Department accounts receivable, as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased by \$26,845.74, from \$15,996.41 to \$42,842.15 in 1966, as shown herewith:

	December 31, 1965	December 31, 1966
Total Assets	\$283,040.87	\$395,274.21
Current Liabilities	267,044.46	352,432.06
	<hr/>	<hr/>
Current Surplus	\$ 15,996.41	\$ 42,842.15

RECOMMENDATIONS

The loose leaf sheets which are used for the Tax Collector's warrant book should be made up in such a way that they may be inserted in a post binder prior to the time the warrant is committed to the Collector.

The record of tax sales as entered in the tax sale record book should remain as originally recorded, rather than re-written from time to time with the omission of taxes that have been redeemed.

A change fund should be established for the Tax Collector in order that collections may be remitted in total instead of a portion being withheld for the purpose of making change.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Newport for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER
Director

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Newport for the fiscal year ended December 31, 1966. In our opinion, the Exhibits included herewith reflect the true financial condition of the Town of Newport on December 31, 1966, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

HAROLD G. FOWLER

Truant Officer	ALSTON O. DOWNING

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Newport:

Some of the significant features of this school year include:

1. Schools opened in September with an all-time high of 1,475 students enrolled.

2. Another successful Summer Head Start Program was conducted in Newport for 38 pre-school youngsters as a part of the Sullivan County Head Start Project.

3. We continued to receive substantially the same amount of funds under Title I and II of the Elementary and Secondary Education Act. The specifics of our Title I projects are spelled out in the Report of the Teacher Consultant. Title II funds provide supplementary library and other instructional materials.

4. Newport-Croydon AREA School District. Following voter approval at meetings in Newport and Croydon on June 2, 1966, the State Board of Education issued a Certificate of Formation of the AREA District as of July 1, 1966. By agreeing to accept Croydon students in Grades 7-12, Newport will receive an additional 10% in State Building Aid funds on the High School building — including the unpaid portion of the original Junior High School building. Croydon will pay no rental charge. When the State of New Hampshire provides any funds for incentive aid for AREA Districts (as the law provides) it will be equally apportioned on a per-pupil basis by the two Districts.

5. The High School addition was substantially completed and occupied on November 28, 1966. An Open House was held on January 15, 1967 giving the public its first glimpse of the new facilities. Photographs throughout these pages provide a pictorial report of a number of the features of the new plant. Many favorable comments have been received from local citizens, visitors, and state education officials.

6. School Re-Organization.

- a. On November 28, 1966, students in Grades 10, 11, and 12 joined those in Grades 7, 8, and 9 in the Junior-Senior High School building.
- b. On December 1, 1966, 10 sections of students in Grades 4, 5, and 6 at Richards School moved to new quarters in the Towle Elementary School.

- c. On December 7, 1966, the Primary School was closed and seven sections of Grades 1 and 2 moved to new quarters at the Richards School.

A tremendous amount of time and effort went into the planning, packing, moving, unpacking, and settling of this three-pronged change-over. Much credit is due the principals, teachers, students, and especially the custodians in these back-breaking moves.

CONCLUSION

Newport's educational plant has taken a giant step forward. We now must turn our attention to make the best use of the facilities at both the elementary and secondary levels. Changing conditions make it imperative that course content be kept up-to-date, modern materials and equipment be used and a constant and continuous effort be made to provide a qualified and effective teaching staff.

Respectfully submitted,

GORDON B. FLINT

Superintendent of Schools

An outside view of the new High School addition.

ANNUAL REPORT OF PRINCIPAL

NEWPORT HIGH SCHOOL

Newport, New Hampshire

February 9, 1967

Mr. Gordon B. Flint
Superintendent of Schools
Newport, New Hampshire

Dear Mr. Flint:

I am pleased to submit this report to you as principal of Newport High School which includes grades seven through twelve.

This past year has been marked by a great deal of planning, long weeks of waiting and finally a monumental move into our new high school facilities. Our first day in the new addition was on Monday, November 28, 1966. Most of the moving was accomplished during the previous weeks.

To include other items in this report, such as the details involved in planning and moving, new courses which have been added and a description of the facilities, would detract from the significant fact that the new high school addition has been completed.

The Town of Newport has to be proud of this outstanding accomplishment. I hope that the citizens show an interest and take an active part in the continual planning of the educational program which will fully use these new facilities.

I want to thank all of the people who put in so many extra hours to complete the necessary tasks which had to be done prior to and during the move. Especially the faculty, custodians, cafeteria workers, other staff members and the students who in addition to helping took all of the necessary confusion in stride.

Respectfully submitted,

JOHN H. SOKUL
Principal

ANNUAL REPORT OF PRINCIPAL RICHARDS SCHOOL

February 8, 1967

Mr. Gordon B. Flint
Superintendent of Schools
Newport, New Hampshire

Dear Sir,

I am pleased to submit my tenth annual report as Principal of Richards School.

The following is a brief summary of information that would be important for parents and citizens to know.

1. New books are continually being added to the Richards School Library which is now being used by the Richards School and Primary School children. I want to take this opportunity to thank the mother volunteers who are donating their time to supervise the library.

2. Homogeneous grouping (pupils working with others on a similar level of achievement) has been continued in the 4th, 5th and 6th grades primarily in Reading, Mathematics and English. Home room are grouped heterogeneously, (pupils working with others on a different level of achievement).

3. The School Counseling Service with Dr. C. N. Allen, Psychologist, has been extended to an every other week basis.

4. For the ninth consecutive year Richards School has participated in the annual Union Leader New Hampshire State Spelling Bee.

5. Educational television in Science, Art, and Our New Hampshire has continued as an aid to teaching.

6. During the morning recess all children participate in organized games under the supervision of a teacher.

7. The eighth annual Grade Glimpses Program was jointly held with the Primary School and because of its continued success has performed on two nights.

8. Newport's summer Head Start Development Center for 38 children was located in the Richards School.

9. Funds from Title I and Title II were used in projects for the "educationally deprived" pupils.

10. Fire drills are held at least once a month and twice a month during warm weather. Children on the second floor of the old building have used the fire escape during fire drills.

I wish to thank the parents, citizens, faculty, school nurse, custodians, pupils and other school personnel who have given me support and cooperation to make this a successful school year.

Respectfully submitted,
ALKIVEADIS JURIS
Principal

REPORT OF SCHOOL NURSE

September 1965 - June 1966

Mr. Gordon B. Flint
Superintendent of Schools
Newport, New Hampshire

Dear Mr. Flint:

I hereby submit my annual report as School Nurse.

Medical services by Drs. Denis Maryn, Luther Weigle, and Robert Lanzer:

- 338 physical examinations
- 20 defects found and reported
- 9 defects corrected
- 840 triple toxoid given
- 8 small pox vaccinations given
- 21 measles vaccine given
- 1,155 polio (oral) given
- 62 flu vaccine given to teachers
- 350 Heaf T.B. test, by the State T.B. nurse
- 8 chest x-rays by the State T.B. nurse

Vision and Hearing Screening done in the schools:

- 1,004 vision tests
- 86 defects found and reported
- 52 defects corrected
- 480 hearing tests
- 1 defect found and reported
- 1 follow-up on defect
- 3,203 inspections for various reasons
- 43 defects found and reported
- 43 defects corrected
- 747 heights and weights
- 1,102 First-Aid given
- 43 ill students taken home
- 8 doctor's office calls with students
- 7 students to hospital
- 194 home visits
- 596 conferences with parents
- 30 Dental Clinics
- 38 students treated
- 96 pre-school dental checks
- 57 dental screening by the Director of State Dental Public Health

Communicable Diseases:

- 25 Chicken Pox
- 18 Measles
- 6 Mumps
- 37 Pediculosis
- 11 Impetigo
- 4 Mononucleosis
- 12 Psychologist Clinics
- 22 Health classes taught 7th and 8th grade girls

I wish to take this time to extend my sincere thanks to many people in Newport; to the many organizations for their financial help; the Lions Club for the new Bausch and Lomb eye tester and for helping several needy children obtain glasses; the Rotary Club for their part in the Dental Clinic; the Fire Department for buying shoes and boots for those children who needed them; to the many individuals who donated both new and used clothing for the needy.

A special thanks to Mr. Flint, the School Principals, teachers, and personnel, the local doctors, and dentists, and especially the parents, for their cooperation during the entire school year.

Respectfully submitted,

JUNE F. BUCK, R.N.
School Nurse

A group of students at work in the Art Room.

REPORT OF TEACHER CONSULTANT

Departing from the usual report on several aspects of the school program, I would like to devote this report to remarks relative to our special projects under Title I, Public Law 89-10, ESEA.

For the first time since the initiation of a summer school program, parents were able to enroll students in the 1966 summer school free of tuition charges. This was made possible by the extension of Newport's Title I projects to include a summer program in reading and mathematics for students in grades 1 through 8. The purpose here was to offer a continuation of special help (particularly in reading) to those students who were receiving attention through the regular school year project taught by Mrs. Francis Nolin of Sunapee. Mrs. Nolin provided remedial reading classes for a number of students at the elementary grades; three Teacher Aides (Mrs. Howard Davis, Mrs. Fred Maxfield, and Mrs. Edward Kennedy) rendered a number of important routine, non-instructional services permitting regular classroom teachers to provide for the needs of other students.

The 1966 summer school program found 80 youngsters in the mathematics classes and 75 in the reading classes, including students from all districts in this supervisory union. Sixteen different classes were taught by four teachers, each having four classes. Mr. Frank Hammond of Sunapee School and Mrs. Myrtie Starkey of the Goshen-Lempster School taught the reading classes; Mrs. Carol Lord, formerly of Sunapee School and Mrs. Marilyn Heath of the Springfield Memorial School taught the mathematics classes.

Greater than usual success was noted in this summer program through (1) its six weeks operation, rather than the previous year's four-week session; (2) increased members of the teaching staff; and (3) the utilization of much audio-visual materials and equipment not available in earlier programs.

Now in the second year of Title I programs, the 1966-67 school year projects provide for the needs of educationally deprived youngsters by establishing junior-senior high classes for reading improvement. Nearly all of Mr. Stephen Zemianek's time is devoted to this purpose as each of his classes meets from 1½ to 2 hours weekly. Taught in small class settings, and using some of the newer approaches and materials, it is expected that improved reading skills and other related factors to learning will result.

At the 8th grade level, we were fortunate to have received approval for an additional teacher to make possible a fifth division and thus provide a program to improve the skills, attitudes, and efforts of some 25 students in the fields of mathematics, science, history, and English. Since this part of the project must be assumed through local financial effort next year, we can look forward to even greater concentration of help for these and other youngsters beyond the present program.

At the elementary level, we were unable to secure a remedial reading teacher for the continuation of the work of Mrs. Nolin. We were, however, able to employ three Teacher Aides (Mrs. Verne Violette, Mrs. Fred Maxfield, and Mrs. Edward Kennedy) who now work under the direction and supervision of the Principal, Mr. Al Juris and the elementary teachers. The many routine, mechanical, non-instructional, but essential tasks performed by these Aides permit time and energy for classroom teachers to plan for the needs of many students. Without the benefit of remedial classes, the regular classroom teachers find the help of these Aides all the more valuable in their attempts to provide special materials, frequent drills, and other activities for improved learning.

While the amount of federal funds of these Title I projects represents a relatively small sum in relation to the total school budget, the services and materials they provide at least partially fulfill a felt need. There is no question as to the value of additional teachers, small classes, special teaching materials, up-dated equipment, reading improvement classes, Teacher Aides, etc. Indeed it would be a backward step, should any of these features be terminated due to lack of Federal funds. A more realistic hope would see these and other services become a regular part of the total school program — regardless of anticipated sources of financial aid.

Respectfully submitted,

ALPHONSE J. SOUCY

Teacher Consultant

REPORT OF THE HIGH SCHOOL GUIDANCE COUNSELOR

February 9, 1967

Mr. Gordon B. Flint
Superintendent of Schools
Newport, New Hampshire

Dear Mr. Flint:

I hereby submit the annual report of the Guidance Department at Newport High School.

The new building has given us a fine guidance area from which we are developing a more effective program. As a result of moving and reorganization an excessive amount of time has been devoted to information gathering and dispensing. This includes personnel data, testing, and organization of career and educational information. Our primary concern is to keep the time spent in counseling in the proper perspective.

Larger amounts of career and educational materials have been made available to students through a central guidance office and the library. An effort is being made to introduce students to this material as early as possible in their high school career.

With the hiring of Miss Patricia Rainey, students at all levels are free to seek the assistance of either a male or female counselor. This has proven to be of value, and appreciated by the students.

Students are using the guidance facilities more and know more about the types of services this area offers. Though we recognize our primary responsibility is to our present students, we welcome the number of chances we have had to furnish information to past students of the school district. The guidance program, as an integral part of the school system, should be of value to the entire educational community.

Respectfully submitted,

HERBERT O. WILLIAMS
Guidance Director

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District, in the Town of Newport, in the County of Sullivan, in the State of New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Town Hall in said District on the eleventh day of March 1967 at 1 o'clock to act upon the Articles set forth in this Warrant. Articles 1, 2, 3, 4, and 5 of this Warrant covering the election of Moderator, Clerk, Treasurer, Member of the School Board, and Auditors, will be acted upon at 1 o'clock p.m. and voting will be by official ballot and check lists and the polls will remain open for this purpose from 1 o'clock p.m. until at least 3 o'clock p.m. At 2 o'clock p.m. the remaining Articles will be acted upon.

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Treasurer for the ensuing year.

Article 4. To choose a Member of the School Board for the ensuing three years.

Article 5. To choose two Auditors for the ensuing year.

Article 6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

Article 7. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for School District Officials and Agents, and for the payment of the statutory obligations of the District.

Article 8. To see if the District will vote to authorize any unencumbered balance accruing June 30, 1967 to be placed in a Capital Reserve Fund to be used toward the purchase of a new school bus.

Article 9. To see if the School District will vote to authorize the land and buildings of the Primary School to be used by the Sullivan-Cheshire County Community Action Association, Inc., for a

Year-Round Head Start Child Development Program without charge; provided, however, that the School District shall not be responsible for any of the operational costs of said land and buildings and/or program. (By Petition.)

Article 10. To transact any other business that may legally come before said meeting.

Given under our hands this 14th day of February 1967.

A view of the Cafeteria and Stage (students are fed here in groups up to 240). The Stage is planned primarily for Music activities.

Food is prepared and served in this kitchen to approximately 750 students daily. (This includes elementary students from Towle.)

A view of the Lecture Room — a facility planned for large group instruction and team teaching.

A class using electronic stenographic equipment (dictation can be taken at various speeds). This is one of four rooms in the Business Education Area.
